Description

GREEK NATURAL BEAUTY, POWERED BY SCIENCE

KORRES is a Greek skincare brand, born out of Athens' oldest homeopathic pharmacy in 1996. Founded by Greek Pharmacist George Korres who believes in the innate potency of natural ingredients and chemical engineer Lena Philippou who believes that nature is the inspiration for scientific discovery.

Inspired by the most powerful natural ingredients and local traditions, KORRES delivers effective natural products; discovered in nature and nurtured by science. KORRES collaborates with over 15 different European academic universities to do ground-breaking research into the power of plants. Our research shapes and nurtures nature's inherent powers.

Today KORRES takes Greek herbs around the world through more than 400 natural products, with brand presence in 30 markets. It is all about clean, effective plant-powered formulas that capture the beauty of Greece in harmony with nature.

KORRES is looking for a dynamic, self-motivated **Digital Designer** to join our Team. You will be working in a challenging international environment which embraces continuous learning and growth alongside a dynamic team of experienced professionals.
